

SIATECH'S FIVE PILLARS FOR STUDENT SUCCESS

Educating At-Promise Students

MENTORSHIP FOR EVERY STUDENT

- SIATech Schools understand the **power of relationships** in helping students succeed.
- Upon enrollment, **each student is matched with a mentor teacher** who provides regular guidance and support.

FLEXIBLE SCHEDULES

- SIATech schools reach far beyond independent study. A **blended learning model** provides opportunities for students to complete coursework anywhere, anytime.
- Plus, students **learn with their peers in classrooms** supported by credentialed and caring mentor teachers.

FAMILY ENGAGEMENT AND COMMUNITY PARTNERSHIPS

- SIATech schools embrace surrounding communities through a **WISH framework** that connects Wellness, Industry, School, and Home.
- Through these wraparound services and **strong ties to families**, SIATech ensures all students can succeed.

CAREER READINESS

- All SIATech schools operate in partnership with **workforce development** agencies like Job Corps and WIOA which give students rigorous job training, work-based learning, and apprenticeship opportunities.
- SIATech also provides numerous **career technical education (CTE)** course sequences, hands-on learning, certifications, and more, so students are well-prepared upon graduation for college, career, and a promising future.

INDIVIDUALIZED LEARNING PLANS

- SIATech schools meets students where they are academically, and believes in a growth mindset for students.
- Upon enrollment, each student meets with a team to **create a custom plan to high school graduation**.
- Student-centered individualized learning plans ensure the path to graduation incorporates students' academic needs but also their interests and life goals.
