SCHOOL FOR INTEGRATED ACADEMICS AND TECHNOLOGIES

The Board of Directors ("Board") of School for Integrated Academics and Technologies ("SIATech") believes that children and schools gain a great deal when every part of a community comes together to support education.

Community volunteers in our schools enrich the educational program and strengthen our schools' relationships with homes, businesses, public agencies, and private institutions. Parents/guardians and other members of the community are an asset as they share their time, knowledge and abilities with students. The presence of volunteers in the classroom and on school grounds also enhances supervision of students and contributes to school safety.

When deemed necessary, the use of volunteers may be authorized by administrators and procedures shall be established to protect the safety of students and adults in accordance with laws related, but not limited to, tuberculosis testing, fingerprinting and criminal record checks.

Volunteers shall act in accordance with SIATech policies, regulations and school rules. Any volunteer who violates school rules may be asked to leave the school site. Staff members are encouraged to confer with the site administrator or site administrator's designee regarding any such matters. The site administrator or site administrator's designee shall investigate and resolve any issues regarding volunteers.

DATE OFADOPTION BY THE BOARD: 9-20-2011
