

SCHOOL FOR INTEGRATED ACADEMICS AND TECHNOLOGIES

School for Integrated Academics and Technologies (“SIATech Academy South”) strives to offer students an educational program, which is demanding, appropriate, and yet flexible to help meet individual needs of each student.

In meeting this goal, identified special education students may take an alternative course of study as specified in their individualized education plan to achieve the unit requirements for graduation with a certificate of completion. This certificate is awarded in lieu of the traditional high school diploma.

DATE OF ADOPTION BY THE BOARD: October 20, 2015
