      • Lin Miller spoke about the COVID-19 Testing Program at SIATech in accordance with the recent order issued by Governor Newsome that requires all school staff to either show proof of vaccination status or be tested for COVID-19 at least once a week.
      • We are closely monitoring the enrollment numbers at Job Corps and Independent Study sites; we are no longer in Hold-Harmless for ADA.

   b. Extended Learning Opportunity (ELO) Update
      Stacey Wilkins provided an overview and update with changes to the ELO since approval at the June board meeting. ELO funds can be used through June 30, 2023, with a possible extension. The five categories that fall under the purpose of direct support and services for students include 1) addressing learning gaps, 2) student support integration, 3) academic services, 4) graduation and college and career completion and 5) staff staining. Once school sites have plans determined, they will go to the central office for review and approval then forwarded to business services for funding.

      To ensure ELO funding is equitable, each site will receive a minimum of $25,000.00. Additional funds will be given to sites based on enrollment following a four tiered-model (additional 5-20k).

   c. Strategic Engagement Plan and Legislative Affairs

      Goal 5 of our strategic plan is expanding our impact – by strengthening existing partnerships and building new strategic partnerships to more effectively serve at-promise students. A draft of the SIATech Engagement Plan (SEP) was shared, it is a tool to support this area of focus.
